

3rd Grade Mathematics

2017-2018 AMI Lesson Plans

The Arkansas Department of Education has granted Yellville-Summit School District the opportunity for five days of Alternative Methods of Instruction days. The days are to be used for students to receive learning at home in case the school is required to be closed.

Third grade students are required to have fact fluency with multiplication. Therefore students need to continually practice multiplication facts. Multiplication facts can be practiced in a variety of ways.

If your child does not have internet access, please practice facts in one or more of these ways.

1. **Write facts**
2. **Practice with Flash Cards**
3. **Multiplication War**- Get a deck of cards (you can take out kings, queens, and jacks, or use them for numbers 11-13 if you want) and split the deck between two people. Each person turns over a card at the same time. The first person to correctly say the product of the two numbers gets to keep the cards.
4. **Domino Game**- This game is ideal for 2-4 players. Turn a set of dominoes face down. Each person draws one domino and multiplies the two sides together. The person with the highest number gets to keep all the dominoes. If there is a tie, draw again. Keep going until all the dominoes have been drawn! The winner is the person with the most dominoes.
5. **Multiplication Basketball**- In real basketball baskets are two points each, so try playing by 3s, 4s, 5s, or whatever number you are studying. Each time the student makes a basket keep score by counting by 3s, 4s, and 5s to keep score.
6. **Dice Multiplication**- Roll two dice. Multiply the two dice together. The person with the largest answer wins the game.

If your child does have internet access, please practice multiplication facts with some of these websites.

The school purchased the following websites. The student login is their 4 digit number. Password is panthers or panthers1. The student is aware of the login information.

1. **Moby Max- Math or Fact Fluency-** mobymax.com
2. **ClassWorks- STAR Math or Pangle Assignments-**
<https://manager.classworks.com/yellvillesummitschools.com/>

Below are some websites that we use at school to practice multiplication facts with at school.

www.mathplayground.com

www.interactivsites.weebly

www.multiplication.com

www.fun4thebrain.com

<http://mrnussbaum.com/>

For your child to receive credit for their learning, please fill out the attached slip of paper for each day and return to school with your child the next day we are back in school.

If you have any questions, feel free to email me at marilyn.pangle@ys.k12.com or text me on my remind account.

If you are not a member of my remind account then follow these simple directions. Text @3bmrs to the number 81010. You'll receive a welcome text from Remind.

If anyone has trouble with 81010, they can try texting @3bmrs to (870) 738-8558.

Happy Learning!!!

Mrs. Pangle

Sign and return the attach slip for each day of Alternative Method of Instruction.
Please cut on dotted line.

Day 5: 3rd Grade Math

_____ (Student's Name) completed their Math
assignment by _____ (activity used).

Parent Signature

Day 4: 3rd Grade Math

_____ (Student's Name) completed their Math
assignment by _____ (activity used).

Parent Signature

Day 3: 3rd Grade Math

_____ (Student's Name) completed their Math
assignment by _____ (activity used).

Parent Signature

Day 2: 3rd Grade Math

_____ (Student's Name) completed their Math
assignment by _____ (activity used).

Parent Signature

Day 1: 3rd Grade Math

_____ (Student's Name) completed their Math
assignment by _____ (activity used).
