****Snow days will be used immediately and in order how they appear in the calendar. For example, if we miss any from August 14th to January 20th, parents and teachers should realize that we WILL have school on MLK Day to make up the missed day. However, if no missed days have occurred in this time then we will observe the MLK Day holiday. If we end up missing a day after MLK has passed, then we will use President’s Day as a make-up if it has not already passed as well, and so forth.**
